

Slingshot Warranty

WARRANTY TERMS AND CONDITIONS

Slingshot Bicycle Company warrants each new Slingshot Bicycle Frame against defects in workmanship and materials for two years from the original date of purchase. All other parts, including suspension forks, shall be covered under the stated warranty of their manufacturers. Paint and decals are warranted for one year. The warranty is expressly limited to the repair or replacement of a defective frame and is the sole remedy of the warranty. The warranty applies only to the original owner. Warranty claims are to be made directly to the manufacturer. Proof of purchase is required. The warranty does not cover normal wear and tear, improper assembly or follow-up maintenance or installation of parts or accessories not originally intended or compatible with the bicycle or frame as sold. This warranty does not apply to damage or failure due to accident, abuse or neglect.

Slingshot Bicycle Company shall not be responsible for incidental or consequential damages. Labor charges for parts changeovers or the individual costs incurred by the owner are not covered by the warranty. The user assumes the risk of any personal injury or damage to the bicycle or other losses if the bicycle is used at any time for stunt riding, or similar activities, or anything other than normal use.
